ATA Carbon Fiber Transit Case
Protection on the Move

Lightweight Mobility
When ultra-light weight, durability, mobility and resistance to harsh environments are demanded, protect your valuable equipment, be it in the overhead compartment of a commercial airliner, to an austere environment. ECS offers a high performing and highly protective Carbon Fiber ATA Tote Case to accomplish the objective.

EXTERNAL DIMENSIONS: 22.6"L x 14.6"W x 9"H
WEIGHT: ≈ 11.4 lbs.

FEATURES:
- 3 stage, ruggedized, light weight, carbon fiber tote handle
- Durable, ergonomic nylon handle for easy lifting when engaged and magnetically recoils when not
- Molded in stacking features
- Designed to receive a custom cushion when your payload requires shock isolation

IDEAL CUSTOMER
- Military
- Integrators
- Server Manufacturers

- Sized to Support Multiple Applications
- Vibration/Shock Protection
- Meets MIL-STD-810G
